### Vulnerable Sector Check Results

Note: This is not an affirmation of good character

- Negative:** Based solely on the names and date of birth provided and the criminal record information declared by the applicant, a search of the RCMP National Repository of Criminal Records, including Record Suspension (Pardoned) sex offender records, did not identify any records with the name and date of birth of the applicant. All available police records management systems and court records, where applicable were also searched. Positive identification that a criminal record does or does not exist at the RCMP National Repository of Criminal Records can only be confirmed by fingerprint comparison. Delays do exist between a conviction being rendered in court, and the details being accessible on the RCMP National Repository of Criminal Records. Not all offences are reported to the RCMP National Repository of Criminal Records.
- Incomplete:** Based solely on the names and date of birth provided and the criminal record information declared by the applicant, a search of the RCMP National Repository of Criminal Records, including Record Suspension (Pardoned) sex offender records, could not be completed. All available police records management systems and court records, where applicable were also searched. Positive identification that a criminal record does or does not exist requires the applicant to submit fingerprints to the RCMP National Repository of Criminal Records by an authorized police service. Delays do exist between a conviction being rendered in court, and the details being accessible on the RCMP National Repository of Criminal Records. Not all offences are reported to the RCMP National Repository of Criminal Records.
- Possible Match:** Based solely on the names and date of birth provided and the criminal record information declared by the applicant, a search of the RCMP National Repository of Criminal Records, including Record Suspension (Pardoned) sex offender records, has resulted in a possible match to a registered criminal record, but not to a pardoned sex offender record. All available police records management systems and court records, where applicable were also searched. Positive identification that a criminal record does or does not exist at the RCMP National Repository of Criminal Records can only be confirmed by fingerprint comparison. As such, the criminal record information declared by the applicant does not constitute a Certified Criminal Record by the RCMP. Delays do exist between a conviction being rendered in court, and the details being accessible on the RCMP National Repository of Criminal Records. Not all offences are reported to the RCMP National Repository of Criminal Records.
- Match to Other Police Service Records:** There are records held by a police service that are relevant to screening the applicant. The existence of these types of local police records does not establish that the individual has a criminal record.
- Adverse Information Located on Police Records Management Systems:** Based solely on the names and date of birth provided by the applicant, adverse information was located. The existence of these types of records does not establish that the individual has a criminal record.
