REMINDER:

Garbage and Recycling Carts are to be put out on the street on or BEFORE 7am, and brought in after garbage or recycling collection is complete. If carts are damaged before or after these hours, homeowners are responsible for the charges. As we are not the only town with these services, there is no specific time other than by **7:00a.m.** to be prepared for pick-up. If you miss pick-up because your container is **NOT** at the curb on time, it will be the owner's responsibility to dispose of the contents if required.

Loraas Bins

There will be Loraas bins available at the transfer station on the 1st and 3rd Friday of every month for town residents only. Our transfer station is equipped with security cameras, as well as a card reader. Fines have been laid for illegal dumping, and will continue to be laid to any person who violates these rules.

The TRANSFER STATION is electronically set up to provide our town residents with accessibility day or night. The Town of Balgonie offers these services on site at the TRANSFER STATION, but has the added responsibility to ensure that environmental regulations are followed. Municipalities can be fined for burning unapproved items and not disposing of things in the manner set forth by the Provincial Ministry of Environment and the Provincial Clean Air Act.

Recently, items have been left at the TRANSFER STATION which are not permitted. Please ensure that you read and understand what items are allowed and not allowed to be left at the TRANSFER STATION. Individuals who leave items which are not allowed will be required to clean up the improper disposal, and/or pay charges for the Town to remove the items. There is also a \$500 penalty for illegal dumping at the site. The transfer station cards can be cancelled at the discretion of the Council of the Town of Balgonie.

THE TRANSFER STATION IS NOT A GARBAGE DUMP!

The Transfer Station is a location where the following items can be left: Scrap Metal, Tree Branches and Grass Clippings (removed from the plastic bags) Compostable materials, Oil and Containers - There is an oil recycling center station where you are able to dump unused oils and their containers on the south side of the station.

The 1st & 3rd Friday of every month, a Loraas bin is delivered to the transfer station. This is for town residents to use for the items which are too large for the household carts. Please note, this is only to be used by Balgonie residents. Larger loads due to fence removal, renovation etc, should be taken to the Regina landfill.

If the bin is full or not at the site, do not leave items, take them to the Regina landfill.

Key cards, which are lost, should be reported to the Town Office. They will be removed from the computer system and a new card will be issued at a cost to you of \$25.00. If you are moving, please return the key card to the Town Office. Diabetes also have clothing bins to take donations.

St Joseph's Annual Golf Classic and Dinner

The Knights of Columbus from Balgonie, Pilot Butte and District and St Joseph's CWL are making plans for their annual golf tournament that will be held August 17, 2018 at Green Acres Golf Club. Everyone is welcome . The tournament is a four person scramble. You may enter a team or enter as an individual. The cost is \$100.00 per golfer and golf cart and meal are included. Tee time is 12 noon. The tournament is followed by a dinner, prize awards and door prizes at St Joseph's Church Hall, Balgonie.

Non-golfers are welcome to attend the scrumptious dinner for \$25 and have a chance to win door prizes.

For more information , to register golfers or to reserve dinner tickets contact James Siebert 306-537-0242 or Orville Corbin at 306-771-2650 or 306-501-9961.

DANDELIONS

Please be aware that there are a lot of dandelions around town. Control the dandelions in your lawns. Be respectful of other residents who are taking the time to spray and pick out the dandelions. Those yellow flowers are pretty, but they are a weed and need to be controlled.

Drinking Water Quality and Compliance

Cities Short Form – A Template for Annual Notice to Consumers

Introduction

Saskatchewan Ministry of Environment requires that at least once each year waterworks owners provide notification to consumers of the quality of water produced and supplied as well as information on the performance of the waterworks in submitting samples as required by a Minister's Order or Permit to Operate a waterworks. The following is a summary of the (*community name*) water quality and sample submission compliance records for the (*inset applicable time period here*) time period. This report was completed on (*insert date here*) (*must be completed before June 30 each year on a calendar year based reporting frequency*). Readers should refer to Saskatchewan Ministry of Environment's Municipal Drinking Water Quality Monitoring Guidelines, November 2002, EPB 202 for more information on minimum sample submission requirements and the meaning of type of sample. Permit requirements for a specific waterworks may require more sampling than outlined in the department's monitoring guidelines. If consumers need more information on the nature and significance of specific water tests, for example, "what is the significance of selenium in a water supply", more detailed information is available from: http://www.hc-sc.gc.ca/ewh-smmt/pubs/water-eau/index_e.html

Water Quality Standards

Bacteriological Quality

Regular Parameter/Location (%)	Limit	Regular Samples Required	Regular Samples Submitted	# of Positive Submitted
Total Coliform and Background Bacteria	Organisms/100 mL Less than 200/100 mL	52	52	0

Water Disinfection – Chlorine Residual in Distribution System for Test Results Submitted with Bacteriological Samples

Parameter	Limit (mg/L)	Test Level Range	# Tests Performed	# Tests Not Meeting Requirements
Chlorine Residual	0.1 mg/L free OR 0.5 mg/L total	0.70 - 1.69	52	0

Water Disinfection – Free Chlorine Residual for Water Entering Distribution System – From Water Treatment Plant Records

Parameter	Limit (mg/L)	Test Level Range	# Tests Performed	# Tests Not Meeting Requirements
Free Chlorine Residual	at least 0.1	0.66 - 1.55	365	0

Turbidity

Parameter	Limit (NTU)	Test Level Range	# Tests Not Meeting Requirements	Turbidity (NTU)	# Tests Required	# Tests Performed
Turbidity	1.0	0.6 - 0.22	0		365	365

Chemical – Health Category

All waterworks serving 5000 persons or more are required to submit water samples for Saskatchewan Environment's "Chemical Health" based on population size. The "Chemical Health" category includes analysis for arsenic, barium, boron, cadmium, chromium, fluoride, lead, nitrate, selenium and uranium.

Samples for "Chemical Health" analysis were submitted on (*insert date*). Sample results indicated that the provincial drinking water quality standards were not exceeded. (*Use this one if review indicates that there were no exceedances*). (OR) Samples exceeded provincial water quality standards only for the following parameters: (*Use only the applicable portions of table below for which values have been exceeded*).

Have a fun and safe summer!

A message from the RM of Edenwold

Eyes on the Community

Summer months see an increase in crime and vandalism. If you see property that has been vandalized or have had things stolen, it is very important to report the crime.

"Take pictures of vandalism as soon as you can and provide those to us or to the RCMP," says RM Community Safety Officer Rod Ash.

RM Community Safety Officers enforce municipal bylaws and also have authority under 10 provincial statutes including *The Traffic Safety Act* they can be reached at 306-771-1501. For medical emergencies or other serious crime, call 911 or the White Butte RCMP detachment at 306-781-5050. Rural Crime Watch 158 uses the WhatsApp to track events in the rural areas and you can join via Facebook searching: Rural Crime Watch 158. In order for the RM to process bylaw infraction complaints, a written report needs to be sent to the RM office. Email: rm158@sasktel.net.

If you see a crime, report a crime.

Enbridge presented a cheque for \$45,000 to the RM of Edenwold in May. Guy Krepps Director, Canada MP Execution with Enbridge, Wade Hoffman - Public Works Manager with the RM of Edenwold, Wayne Joyce - Councillor RM of Edenwold and Denny Hay with Enbridge's Major Projects Construction Team. The four took a quick trip to the corner of Emerald Park Rd and Hogan Place in Emerald Park to recreate a famous album cover photo.

Pests and Plants

Mosquito abatement has been completed at the Aspen Links Golf Course and within Emerald Park. A reminder that noxious weed control on private property is the responsibility of landowners. The RM of Edenwold controls weeds within right-of-ways and works with pipelines and rail companies to manage weeds within their properties.

Don't know what you're looking for when it comes to noxious weeds? This guide will help you identify plants:

http://www.saskforage.ca/images/pdfs/ID_Guide_2010_Online_Lg.pdf

Enbridge donation gratefully accepted — walkway construction continues

Enbridge presented the RM of Edenwold with a \$45,000 cheque for the community green space at the Emerald Park Soccer Facility for picnic tables and irrigation, and to extend the Emerald Park walking paths.

"As a company that delivers the energy that we all need for our daily lives, there's nothing

that matters more to Enbridge than safe, healthy and sustainable communities," says Enbridge's Line 3 Project Director Guy Krepps in a news release.

Celebrate Canada

July 1 the Town of Balgonie and the Balgonie Elks will be hosting Canada Day. The day kicks off with a pancake breakfast (starting at 8:30 a.m.) and ends with fireworks (sponsored in part by the RM of Edenwold) at the Balgonie Sports Grounds at 10:30 p.m. For more information visit: <https://townofbalgonie.ca/events/canada-day-celebrations/>

Take to the trails

The RM of Edenwold has been selected to receive funding from Trans Canada Trail through the 2018-2019 Capital Improvement Plan, with a maximum funding of \$65,000. The RM is home to a portion of the TCT connecting to the City of Regina, the RM of Sherwood and the RM of North Qu'Appelle. This summer the trail signage in the RM of Edenwold will be replaced with signs featuring the new name: "The Great Trail."

Construction is now underway on the walkway planned adjacent to Great Plains Road, starting at Shoppers Drug Mart and connecting to the Emerald Park Soccer Facility. Work on the pathway is to be completed by the end of July. "The RM wants to extend the Emerald Park pathways to connect in front of our new office on Hutchence Road next year as well," says RM Senior Planner Jana Jedlic.

The Emerald Park walkway planned adjacent to Great Plains Road began construction in June starting at Shoppers Drug Mart.
