BALGONIE WASTEWATER PROJECT

The Town of Balgonie Wastewater Project is underway for the 2017 Construction season. The Town has awarded the construction to Denny Forbes Incorporated to do the upgrades. Walker Projects, the Town's engineer, has been working with the Town through our grant application process, design of the expansion and project coordination.

Federal, provincial and municipal funds will be contributing to this project. The combined efforts of these three levels of government will ensure that the Town of Balgonie's infrastructure needs are met today and into the future.

The funding will be used to increase our sewage lagoon's capacity, decommission an older cell in the lagoon and to install an additional irrigation system.

A message from the RM of Edenwold

Canada 150 Threshing Bee

To celebrate Canada 150, the RM of Edenwold is hosting a

threshing bee, **August 12 from 1:30 to 4 p.m. at the RM maintenance shop off of Highway 46.** "The bee honours the history of the RM, the pioneers who built our community and allows for people to reach into the past to learn about the level of effort once required to harvest crops," says RM Councillor Craig Strudwick. Bouncers, face painting and food will round out the day of free fun. Bring a donation from your garden for the Regina & District Food Bank. Volunteers are needed. Call the RM office at

306-771-2522 if you have a spare pair of hands.

New parking requirements for recreational vehicles

The RM of Edenwold has new parking regulations for recreational vehicles.

"The text amendment also allows the RM to establish a maximum permitted number of recreational vehicles in specific zones in the RM. If a property owner would like to store more recreational vehicles than the permitted maximum number, then a discretionary use permit is required and the public notification process would begin," said Paige Boha, Planner/Development Officer with the RM. For Emerald Park, subdivision and estate residents this means parking is prohibited of any motor home, travel trailer, fifth wheel trailer, boat or any similar vehicle in the front yard, including driveways and legal front yard parking stalls November 1 throughout April 1, inclusive. Visit the RM's website

The TRANSFER STATION is electronically set up to provide our town residents with accessibility day or night. The Town of Balgonie offers these services on site at the TRANSFER STATION, but has the added responsibility to ensure that environmental regulations are followed. Municipalities can be fined for burning unapproved items and not disposing of things in the manner set forth by the Provincial Ministry of Environment and the Provincial Clean Air Act.

Recently, items have been left at the TRANSFER STATION which are not permitted. Please ensure that you read and understand what items are allowed and not allowed to be left at the TRANSFER STATION. Individuals who leave items which are not allowed will be required to clean up the improper disposal, and/or pay charges for the Town to remove the items. The transfer station cards can be cancelled at the discretion of the Council of the Town of Balgonie.

THE TRANSFER STATION IS NOT A GARBAGE DUMP!

The Transfer Station is a location where the following items can be left:

Scrap Metal

Tree Branches and Grass Clippings (removed from the plastic bags)

Compostable materials

Oil and Containers - There is now an oil recycling centre station where you are able to dump unused oils and their containers on the south side of the station.

The first Friday of every month, a Loraas bin is delivered to the transfer station. This is for town residents to use for the items which are too large for the household carts. Please note, this is only to be used by Balgonie residents. Larger loads due to fence removal, renovation etc, should be taken to the Regina landfill.

If the bins is full or not at the site, do not leave items, take them to the landfill.

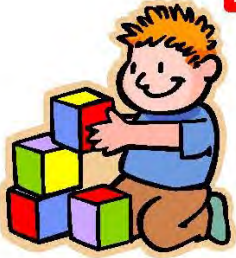

Key cards, which are lost, should be reported to the Town Office. They will be removed from the computer system and a new card will be issued at a cost to you of \$25.00. If you are moving, please return the key card to the Town Office. Diabetes also have clothing bins to take donations.

THERE ARE NEW CAMERAS AT THE TRANSFER STATION. ANY PERSON WHO MISUSES THIS SERVICE WILL BE FINED AND HAVE THEIR CARD PRIVLEDGES REVOKED.

Introduction

Saskatchewan Ministry of Environment requires that at least once each year waterworks owners provide notification to consumers of the quality of water produced and supplied as well as information on the performance of the waterworks in submitting samples as required by a Minister’s Order or Permit to Operate a waterworks. The following is a summary of the Balgonie water quality and sample submission compliance records for the May26/2016 to June 20/2017 time period. This report was completed on June 20/2017. Readers should refer to Saskatchewan Ministry of Environment’s Municipal Drinking Water Quality Monitoring Guidelines, November 2002, EPB 202 for more information on minimum sample submission requirements and the meaning of type of sample. Permit requirements for a specific waterworks may require more sampling than outlined in the department’s monitoring guidelines. If consumers need more information on the nature and significance of specific water tests, for example, “what is the significance of selenium in a water supply”, more detailed information is available from: http://www.hc-sc.gc.ca/ewh-semt/pubs/water-eau/index_e.html
