School Bus Reminder to all Residents (From the SGI website):

School bus drivers have a difficult job. There are plenty of distractions inside the bus. Knowing this, you should make extra allowances, and be aware of the possibility that the bus driver may not see you or your signals. Rear-end collisions are the most frequent type of crash involving school buses and are usually caused by another driver failing to stop while the bus is loading or unloading passengers.

When approaching a school bus, **if you see amber flashing lights, slow down and proceed with caution. If the red flashing lights are activated, you must come to a complete stop.** If you're approaching the bus from the opposite direction on an undivided highway, you must also stop. The single greatest threat to the safety of children who ride school buses is motorists who pass the bus when children are loading and unloading.

When approaching a bus that has its stop arm out and its red flashing lights activated, as a driver:

- You must stop no closer than 5 m (15 ft.) from the front or back of the bus
- You must not advance your vehicle until the bus driver turns off the flashing red stop lamps and deactivates the stop arm.
- Before moving, check to see that all children have safely crossed the roadway.

Passing a school bus with red flashing lights is a serious offence and will result in a minimum fine of \$360.

The Town of Balgonie, White Butte RCMP, Community Safety Officers and Greenall High School are working hard to keep our community a safe and inviting place to live and visit!

There will be times throughout the year that incidents are witnessed by the general public and we are urging the general public to report incidents to the Town Office by filling out the attached [Incident Report](#). Specific information will be extremely helpful to assist in issuing tickets and/or the application of disciplinary action.

- Date and time of the incident
- Location of the incident
- Description of incident
- Description and/or names of persons involved
- Description of the vehicle (make/model/color/license plate #/other)
- Pictures and/or videos of the incident
- Name and contact information for any follow up

Please note, complaints regarding driving infractions, illegal activity, etc. should be reported to the RCMP at the White Butte Detachment (306-781-5050) with as much information as possible. If an incident involves a student's behavior during the school day, the report should also be made to Greenall High School (306-771-2566).

The Underworld Life of Plants

Jenelle Sedo

As gardeners, we watch the growth and change in our plants above ground, but what goes on in the hidden darkness beneath the soil? What type of interactions exist and what kind of communication is possible?

Tonight, we explore the mysterious underworld of plants.

Microorganisms found in Rhizosphere (Rhizosphere Microbiome)

Rhizospheric microorganisms and effects, PGPR and Mycorrhiza (microbenotes.com)

Jenelle is a lifelong gardener and avid learner. Jenine of Edible Landscaping's Plant walks introduced her to Permaculture and a Permaculture Design Certificate. Additional courses in rainwater design and 4 season greenhouses helped her guide a community to create food forests and a garden box program. She is a mother of two and passionate about working with the earth to remain plentiful for future generations.

- TRANSFER STATION -

The Transfer Station is electronically set up and monitored to provide our Town residents with accessibility day and night. The Town of Balgonie offers on site services at the Transfer Station, but has the added responsibility to ensure that environmental regulations are followed. Municipalities can be fined for burning unapproved items and not properly disposing of items set forth by the Ministry of Environment and the *Clean Air Act*.

The **red Loraas Disposal bin** is delivered on the **first (1st) and third (3rd) Friday** of every month. There is no specific time as to when the bin will arrive on these days. **IF A RED BIN IS UNAVAILABLE, DO NOT LEAVE ANY ITEMS WHERE THE BIN IS NORMALLY LOCATED.** Individuals who leave items which are not permitted will be fined up to \$500.00, and will have their Transfer Station card suspended. The card holder will be held accountable for all occurrences at the Transfer Station whether they accessed the Transfer Station themselves or provided their card to another individual.

Be courteous of others! Although a bin may be available, large items and multiple loads take up the entirety of the bin, making it unusable for other residents. If you have multiple large items, please take them to the Regina Landfill. **Home builders/developers are not permitted to use the red Loraas Disposal bin and are required to rent their own waste container bins.**

Items that **may** be left at the Transfer Station in their designated areas:

- Scrap metal
 - o Propane tanks are accepted in the scrap metal pile.
 - o Please remove the freon from fridges and freezers.
- Tree branches
 - o Absolutely NO treated or painted wood.
- Compostable materials
 - o Bags or boxes containing compostable materials are NOT to be left in the compost area.
- Oil recycling station
- Cement

Items that **may not** be left at the Transfer Station/in the red Loraas Disposal bin:

- Tires
- Shingles

Items you are encouraged to recycle at SARCAN:

- Beverage Containers
- Batteries
- Electronics
- Household Paint
- Non-Beverage Glass Containers (only accepted at Regina and Saskatoon SARCAN locations)

For more information regarding SARCAN's recycling programs, visit www.sarcana.ca.

TRANSFER STATION KEY CARDS

Key cards are provided to newly built homes that are occupied, and new residents, at no charge. However, if a key card is lost, it should be reported to the Town Office immediately to be disabled. The card(s) will be removed from the system and a new card, if requested, will be provided at a cost of \$40.00.

IF YOU ARE MOVING - we request the transfer station card to be brought in to the Town Office so we can provide it to the new homeowners. Thank you.
